Article V

DROPPING CLASSIFICATION: Vet riders (except Pro/Master) may drop down a skill level when riding a Sportsman class or dropping an age group unless bumped from the class they are dropping into. Example: 30+ B may drop to a Sportsman C providing they have not been bumped from that class. NO Vet rider may ever drop back to a D class.

Article VI

BUMPING: Riders will be advanced to the next highest class as follows:

A. Sportsman and Vets

- D to C 30 bump points or finishing top 5 in one full series (75% of races completed)
- C to B 50 bump points
- B to A 75 bump points

B. Women

- Women's Beginner to Women's Intermediate 30 bump points or finishing 1st in one full series (75% of races completed)
- Women's Intermediate to Women's Advanced 45 bump points

BBMX holds the right to bump or not bump riders at their discretion. Riders may bump themselves to a higher class. Riders will need to continue riding the higher class unless BBMX deems it to be unsafe and will reclassify the rider. BBMX will bump riders to their appropriate class if they are found to be racing a higher class in a different series.

Any rider bumped from 85cc 13 & up or Supermini to a 125/250 or 250/450F Sportsman class, who placed top 10 in prior series points OR shows a significantly higher skill level than his/her competitors, may not race D and must race a minimum of C. At the discretion of the BBMX Board, if it is determined or provided in writing by the parents/guardians/rider that a particular rider is not ready for the 125/250 or 250/450F Sportsman C class, BBMX may provide relief for this situation and allow the rider to race Sportsman D for one season only.

Once a Sportsman "B" rider has earned the required amount of bump points he/she will no longer be allowed to ride as a "B" and accumulate series points. The rider may race in an available open class or may choose to ride as a Professional and race for purse money. Once a rider has decided to race a Professional, they will no longer be allowed to race in the "B" class. NO RIDER UNDER THE AGE OF 16 WILL BE ALLOWED TO RACE AS A PROFESSIONAL.

Bump points are earned by both your finishing position as well as the number of trophies awarded in your class based on a thirty three percent (33%) ratio. Points will be earned in the top 3 positions:

1st place – 2 Points plus 1 point for every trophy given in that class
Maximum of 6 points per race

2nd place - Points equal the number of trophies given in that class
Maximum of 5 points per race

3rd place - 1 Point less than the number of trophies given in that class
Maximum of 4 points per race

Points accumulate from the time they are earned until the rider advances to the next class. Riders may be advanced to a higher class as soon as they have earned the required number of points and may equal but not exceed the current leader of that class. Riders advanced after round 1 of the series will carry 100% of their series points, after round 2 carry 90%, after round 3 carry 80%, after round 4 carry 70%, after round 6 carry 60% and after round 7 carry 50%. Riders will not be bumped if they accrue the amount of bump points required for the next class after round 7. BBMX referees may bump riders after round 7 if it is deemed the rider should be in the next class. Any rider will continue to carry 50% of series points through the end of the series if they bump themselves after round 7.

BBMX reserves the right to re-classify riders at the Referee's discretion. It is at the full discretion of the BBMX board to bump a rider if the rider shows a significantly higher skill level than his/her competitors in order to provide fair and competitive racing and to eliminate "Sandbaggers" from a class.

DESIGNATED OBSTACLE: BBMX can designate an obstacle as a "non-beginner obstacle". For example, if there is an obstacle on the track that should not be attempted by a beginner rider BBMX can deem that obstacle as a "non-beginner" and any rider clearing said obstacle will be bumped out of the D class at the referee's discretion. If an obstacle is deemed a "non-beginner"

BBMX must notify the riders at the riders meeting on the day of the race.

Article VII

COMPETITION NUMBERS: All BBMX riders must run issued numbers and letters at all events. It is the rider's responsibility to notify the signup trailer in the event of a bike/number substitution. If a number is requested by multiple riders in a class, the rider that had the number first at a BBMX event will be given preference otherwise tie breaker rules apply.

Article VIII

DISPLAYING NUMBERS: There must be three (3) legible number plates, with numbers on each machine. One plate on the front and one on each side. Plates and numbers must be as large as possible. Plates and numbers must be of contrasting colors and must be clearly visible from a distance. (ie: black backgrounds/white numbers, black backgrounds/white numbers, etc.) Promoters will not be responsible for scoring errors due to illegible numbers.

Article IX

SMALLER BIKE IN HIGHER CLASSIFICATION: A smaller bike may race in the next size classification at the discretion of the BBMX President, Vice President or Referee. The equipment may not give the rider an advantage and the rider must have permission from BBMX prior to entry into the class. Any bike with a 10-inch rear wheel may not ride out of classification.

Article X

RETIRED NUMBERS: No rider can request the following numbers on their BBMX membership as they have been retired with love, remembrance, and in order to honor those who have lost their lives in the Motocross community. These numbers can be used by family members with BBMX approval:

Article III

A rider who completed fewer than half the number of laps of the winning rider or did not take the checkered flag receives points corresponding to the total number of riders entered in the class with a minimum of 20 points. This will be shown on the score sheet as DNF. A rider who didn't complete one lap will receive a score equal to the total number of riders plus 30 points. This will be shown on the score sheet as a DNS. No riders will be allowed to make up lost laps after the checkered flag.
3. DQ/Disqualification: A "DQ" or "DQS" results in moto points equal to the total number of riders in the class, plus 40 points.
4. At the sole discretion of the referee or promotor, a class may be scored from one moto only.

Article IV
